Deposits are **NON-REFUNDABLE**. The seller guarantees this dog to be in good health at the time of the sale. In the event of a problem, said breeder requires a veterinarian statement and x-rays for proof of problem. In addition, said breeder has the right to have the puppy examined by the breeder's veterinarian (at breeder's expense). If a problem does exist, the puppy will be returned to the breeder.

All puppies must be vet checked within 72 business hours of delivery of said puppy to new owner. During the initial exam should your veterinarian find the puppy to be of poor health or detect any physical health problems that would require further veterinary care other than required vaccinations and/or treatment for any type of parasite or bacteria, internal or external, you **MUST** contact us within 36 hours. If the puppy does not successfully pass a veterinarian check, said puppy may be exchanged for another puppy of equal value. If you neglect to take your puppy to a veterinarian for this check up, you will accept immediate and full responsibility for its health. No cash refunds.

Said breeder will furnish records of all shots and worming up to the date of sale. Breeder also guarantees if the AKC papers are not available at time of purchase, said papers will be forwarded to new owner as soon as they arrive. AKC papers are limited.

I, the buyer, have been informed of feeding habits (diet in particular) and have been advised regarding the training of my new puppy. I understand that I am responsible to complete all further vaccinations and/or treatment for any type of parasite or bacteria. Furthermore, I also understand that any time in the future, I may call the breeder for any further advice in regards to any of these matters. I also hereby agree that if the said puppy should be a male, I understand that he will be sold on a limited registration unless otherwise agreed to by the breeder and the same instructions are set forth for a female pup. This means that the puppy (in adulthood) shall not be bred at any time. If the said puppy should be fully registered, I also agree that I must first contact the breeder, Linda Smith, before breeding to any other purebred Labrador. We encourage you to spay or neuter your pet. This will avoid messy twice yearly heat cycles, and reduce roving, marking, and aggression aggravated by mating instincts.

Return Policy

I also agree, as the purchaser of this pup, that if at any time I am unable to keep the dog for any such reason (moving, financial, death, etc.), I am bound by this agreement to contact Linda Smith first and foremost before offering it up for adoption in a local paper, placing it in a shelter or with a friend.
